Dear Agents,

We have had a fabulous summer getting to know your students and leaders, it has honestly been one of the best! Thank you for all your support and hard work over the last year to help bring such wonderful students to ISC.

We are delighted to announce that we had record student feedback, **with 98.2% of our learners rating their experience at ISC as good/excellent!** We were also very pleased to receive excellent feedback from our group leaders and team.

Our Spanish leader noted that **“ISC is very organised and the team is so helpful, impressive!”**, our Romanian leader said she **“was impressed by how caring ISC is with the kids and by how well-organised the entire camp is”** and our Czech leader stated **“I have visited a lot of summer camps in England and I think ISC is by far the best school. The kids love the interactive classes and don’t want to go home. Everything is amazing, I definitely want to come back”**.

This summer, we welcomed over **600 students from 18 different countries** and hope to build on this in 2025. It made for a buzzing atmosphere on campus and lots of new international friendships. There were lots of opportunities for students to practise their speaking and learn about other cultures.

It was a real joy hosting our new Argentinian and Japanese groups this summer, they really got involved in the programme and were so international. It was touching to see how quickly friendships were made and the level of enthusiasm, care and interest our students showed one another.

We also received **94% good/excellent ratings for our “interactive, fun” General English programme**. We also offer a range of **General English+ courses** for students to be able to tailor their learning experience. Students can enjoy all aspects of the General English programme in addition to specialist coaching/tuition on our General English+ courses:

- General English+ 1:1/1:2/Mini-Group Tennis Coaching
- General English+ Academic English
- General English+ Cambridge Exam Preparation

We are always amazed by how much our students' confidence and fluency improves when using English at ISC. We have heard from agents that their students are keeping in touch with their new friends in English and some are now planning to study in the UK in the future.

In 2024 our students enjoyed new lessons, a trip to the beautiful Cotswolds’ villages and new activities such as touch rugby and outdoor adventure skills. Students were taught how to build and cook on their own fire, use camouflage and work as a team to face challenges. Great for developing their problem-solving and team-building skills while learning in nature.

We are very thankful to our fantastic team, group leaders, students and partners at Bloxham School for such successful summer courses. We always look for ways to improve and hope to make our courses even better next year. We have read through the feedback from students, staff and leaders and will be implementing some great suggestions on our next courses. **Watch this space for new 2025 programme ideas!**

If you have not been to see Bloxham School yet, please get in touch, we are always more than happy to show agents and leaders around the beautiful campus and village.

We hope to catch up with you soon and look forward to our continued cooperation. Thank you for all your support and we hope your students and leaders will be part of the “ISC family” next summer!

General English Programme

General English Lessons

At ISC students receive 27 lessons/30 hours of General English, British Culture and Project lessons during the two-week programme. We have an excellent team of professional and friendly teachers and were awarded a strength for teaching in our last British Council inspection. In 2024 we had 94% good and excellent feedback on lessons!

Our General English lessons are engaging and fun, with a focus on improving spoken communication. We want to help our students improve in confidence and fluency when using English. Students practise all communication skills, level-appropriate grammar and vocabulary, and pronunciation. We use our own range of interactive and interesting course materials, which are constantly updated by our creative teaching team. We also help to prepare students for life beyond school with leadership and teamwork activities

Students have a short level test on arrival and classes are organised by age and ability. Teachers monitor the progress of students in lessons and students receive a written report and certificate at the end of the course.

British Culture Lessons

In British Culture classes, students learn about the British way of life, culture, food and music and much more.

We also prepare our students for their excursions in British Culture lessons, where they learn all about the history, geography and cultural significance of the places they will be visiting. Students are able to practise the English they've learnt in class in real-life situations on trips.

Our teachers care about helping each individual student to progress and they use a variety of motivating activities, materials and technology in class. Learning is fun at ISC and we want to help our students learn and use English to the best of their abilities!

General English Programme

Project

Project classes are a much loved part of ISC and are an enjoyable and creative way to improve spoken confidence and public speaking skills.

Mixed ability, international teams work together with the support of their teachers to create a short drama production.

Students learn how to direct and perform in a play and work together and to create a story, dialogue, characters, costumes, set and props, direct, and of course perform!

Welfare

The most important thing for us, is that students are happy and cared for while they are at ISC, so they have an enjoyable learning experience. Our office is open 8:30-22:00 every day and there is a head of house and staff in the boarding houses after that time. If students have any problems, all of our staff are happy to help. The directors provide 24 hr emergency assistance.

Bloxham has a very safe campus, with a lockdown of houses at 23:00 - houses have individual access codes. We expect students to stay on campus, except when they go on organised excursions with our staff. When on trips, students should respect the school's rules.

If students or group leaders feel ill, we have first-aid trained staff on site and a hospital nearby. Directors Al, Nic and all the staff live on campus and students are given a 24-hour emergency telephone number, so they can contact us at any time.

Individual Students

Some of our students travel in groups, but we always have a lot of students who travel to the school alone or with a friend. We call these students "Individuals" and we put them in the individuals' group with a British group leader to look after them.

Individual students live in our homely boarding houses together and go on trips together too. We encourage individual students to share bedrooms with other nationalities in their boarding houses. This truly international group makes it easier for students to make new friends and, of course, to do so in English.

To ensure they are happy and well cared for, we:

- appoint an experienced member of staff to be the Individuals Group Leader and help students to develop their independence.
- take registers 4 times a day - a chance to check all is OK.
- keep pocket money in the school safe in the office, so students have regular contact with the course directors.
- hold individuals' meetings three times a week to inform students of important information.
- provide a dedicated group leader phone number and 24-hour emergency number.

Group Leader Information

Welcome!

We are looking forward to meeting you this summer at Bloxham School and would like to take this opportunity to give you some information on what to expect.

The General English Programme

When students arrive, they are taken to their boarding houses, on a tour of campus, for a drink/snack and to complete a short level test. On the first day students are given time to unpack, there are some sports and activities and the whole school attends an evening 'Welcome Talk' in the Great Hall. Students are introduced to the team and given all the information they need for their stay at ISC.

Lessons and activities begin on the second day. Students are divided into two age groups, the 'Jets' aged 9-13 and 'Sharks' aged 14-17 years old. They receive 27 lessons/30 hours of English teaching during the two-week course, this includes General English, British Culture and Project lessons. Students are organised into international teams for the course and win points for good behaviour, effort and work. Each team takes part in the ISC Project, producing a drama project which they perform to the school at the end of the course and can win the best Project class in school. Please see the ISC website for full course details.

There are three full-day excursions to London, Oxford, and Birmingham. There is a full and varied daytime and evening activity programme. Students are expected to take full advantage of the opportunities on the course. We ask you to encourage them to participate in all activities and practise their English as much as possible with their new friends. Please see our website for details of the programme.

On the first Sunday of each course, we offer an optional trip at an extra cost. Destinations include the London Eye, the Harry Potter Warner Brother Studios, Windsor Castle, Drayton Manor theme park and Shakespeare's Birthplace in Stratford Upon Avon. These are usually organised in advance. There is also a full day of activities on campus.

One of our evening activities is the International Talent Evening, where your students will be expected to share an aspect of their own culture with their new friends - they can sing, dance, talk about traditions, or anything else they can think of, but they must take part!

This is also a talent competition so, again, please encourage your most talented (or enthusiastic) students to perform.

ISC Staff

The ISC directors Nicola Lee and Al Dadge will be on site throughout the courses to help you and ensure high levels of care, quality and education. Nic, is also director of studies and oversees the teaching department and English courses. The activity programme is managed by our activity director.

Our friendly, professional teachers and activity staff will be the main point of contact with your students. All staff live on site and are available to help you and your students. You will be accommodated in single rooms in the same boarding house as your students. Each boarding house has a head of house and house team to help you during your stay.

Group Leader Duties

The course runs best, and you get more enjoyment from it, if you become part of our team, working with us for the benefit of your students. We need you to help us with the following:

- Please read your information pack on arrival, it has all the necessary information for the programme.
- There will be regular leader meetings during the course, organised by the course directors. **You must attend these to effectively manage your group.**
- Please collect passports and flight tickets from students to deposit in the school safe. These should go in a large envelope marked 'Documents' with the group name. Envelopes are included in your group leader pack.
- Pocket money should be collected in the pocket money envelope, and again marked with the group name. Students' bedrooms are not lockable, so we insist they keep their money in the safe. We cannot take responsibility if money goes missing from rooms. You will be responsible for giving out their pocket money as they need it. Ask students to lock any valuable items in their suitcases or lockable cupboards.
- Please collect a £40/€40 damage deposit from each student upon arrival and put this in the 'Deposits' envelope. It will be returned at the end of the course if no damage is done to school property and behaviour has been acceptable.
- Check your students' rooms for damage on arrival and before they depart.
- Take photos of your students for our student photo wall.
- During the busy first days of the course, help us to settle and organise the students quickly. Please refer any rooming issues to the head of house/office and any class issues should be discussed with the director of studies.
- Arrange to meet your group every morning to ensure they are up and ready for class or activities and understand what they are doing that day, also check that they are present for the afternoon sessions. If students are missing from class, the office will ask for your help to locate them.
- Ensure all your students are in their boarding house at 22.00 and help staff to supervise suppers and get students to bed by 23.00. If you are a single leader with students in 2 houses, please liaise with ISC staff in the other house.
- You must all attend house meetings - fire safety briefing Tuesday week 1, Wednesday week 1 and Tuesday week 2. You may need to translate important information.
- If not pre-arranged, find out if your students want to go on an optional Sunday excursion and collect the money from them in advance.
- Check your students' bedrooms are tidy.
- Inform students of the laundry procedure and remind them the evening before.
- Accompany your students when we go off site on trips, never allow younger students to have unsupervised free time on trips. Please liaise with our team on trips.
- Students are not allowed to leave the campus unless you have given permission and agreed it with us.
- Motivating students is the key to a successful course. Please encourage your students to join in everything on the programme.
- Please join us for the group leader party evening and get to know our lovely team!
