

Covid-19 Secure: ISC Risk Assessment and Action Plan

This risk assessment is based upon the current guidance from the UK Government, Department of Education, Health & Safety Executive, and Department for Business, to ensure that our students, staff, host school staff and members of the wider community are kept as safe as possible. This risk assessment is regularly reviewed in line with government updates and reviews of national and local Covid-19 restrictions.

Essential safety measures as outlined by the UK Government:

- As of February 2022, there is no legal requirement to self-isolate following a positive test. However, the UK government advises any adult who tests positive for Covid-19 or is unwell with Covid symptoms to isolate for 5 days, school children 3 days, and take extra precautions to reduce the risk of transmission. For example: wear a face mask, avoid crowded places, take exercise away from others and to maintain good hygiene, e.g. to cover your mouth and nose when you cough or sneeze; wash your hands frequently with soap and water for 20 seconds or use hand sanitiser after coughing, sneezing and blowing your nose and before you eat or handle food.
- All UK Covid travel restrictions ended 18 March 2022, meaning there are no tests, forms or quarantine for all arrivals to the UK irrespective of age, vaccination status and country of origin.
- Strict hand and respiratory hygiene and enhanced cleaning arrangements and Covid-19 health and safety notices to be placed around the site
- Under 18s & fully-vaccinated adults are treated the same under UK government rules. Fully vaccinated adults must have had a complete course of Pfizer BioNTech, Oxford/AstraZeneca, Moderna, Janssen, Sinovac, Sinopharm Beijing or Covaxin vaccines, or a combination of these, at least 15 days prior to arrival.

System of controls

This is the set of actions schools must take. They are grouped into 'prevention' and 'response to any infection' and are outlined in detail in the sections below.

Prevention:

- 1) minimise contact with individuals who are unwell by advising those who have coronavirus (COVID-19) symptoms or have had a positive Covid test to self-isolate and not attend classes, activities, excursions. Meals are to be delivered to the person's room where they are self-isolating.
- 2) clean hands thoroughly more often than usual
- 3) ensure good respiratory hygiene by promoting the 'catch it, bin it, kill it' approach
- 4) introduce enhanced cleaning, including cleaning frequently touched surfaces often, using standard products such as detergents and bleach
- 5) where necessary, wear appropriate personal protective equipment (PPE)
- 6) wear masks/face coverings in high traffic areas - the dining hall and great hall, and on-board school transport. Numbers 1-4 must be in place, all the time. Number 6 must be carefully considered, and schools must put in place measures that suit their particular circumstances. Number 5 applies in specific circumstances.

Response to any infection:

- 8) manage confirmed cases of coronavirus (COVID-19) amongst the school community
- 10) contain any outbreak by following local health protection team advice. Numbers 8 to 10 must be followed in every case where they are relevant.

Risk area	What is the risk?	Who may be at risk?	What are you doing?	Actions	By when?
Cleaning - general	Virus transmission	<ul style="list-style-type: none"> • Students • Group leaders • Staff • Visitors 	<ul style="list-style-type: none"> • Frequent cleaning of keyboards, mouse, light switches, boarding house access keypads, door handles, desks, chairs, whiteboards, smart boards, shared teaching resources. • Ensure antibacterial wipes, hand sanitizer, hand soaps, disinfectants, paper towels, tissues, rubber gloves, toilet rolls are readily available on campus. • Commonly touched surfaces, light switches, door handles, desks and equipment touched by students/staff to be cleaned at the end of each lesson (BC and Project)/activity session by staff. Gloves must be worn. • Separate tissue/used cleaning materials bins emptied each day. • Shared facilities in residences undergo daily cleaning. Students and staff are instructed not to leave any personal belongings in showers, bathrooms or kitchens. • A deep clean of the school to take place between course blocks. 	<p>Purchase & stockpiling of cleaning provisions & extra tissue bins</p> <p>Set up cleaning stations with antiseptic spray and paper towels in classrooms, offices, arts and the sports hall.</p> <p>Provide induction training on cleaning measures.</p> <p>Liase with Bloxham re extra cleaning.</p>	<p>June 2022</p> <p>Induction 2022</p> <p>Induction 2022</p> <p>May 2022</p>
Cleaning - in cases of symptomatic individuals on site	Virus transmission	<ul style="list-style-type: none"> • Students • Group leaders • Staff • Visitors 	<ul style="list-style-type: none"> • Areas where symptomatic individuals have been held will be closed to others then cleaned and disinfected by cleaning staff. • Surfaces which symptomatic individuals have been in contact with will be cleaned and disinfected. • Areas where symptomatic individuals have passed through will be cleaned. 	<p>Provide induction training on dealing with a symptomatic individual</p>	<p>Induction 2022</p>

Done by: Nicola Lee & Al Dadge – Directors **First version:** 01.12.20 **Review date:** 06.01.21, 25.02.21, 09.04.21, 17.05.21, 18.06.21, 26.07.21, 11.11.21, 30.11.21, 09.12.21, 17.12.21, 07.01.22, 14.01.22, 11.02.22

			<ul style="list-style-type: none"> • When cleaning contaminated areas disposable gloves and aprons must be worn. These should be double bagged, stored securely for 72 hours then thrown away in the regular rubbish after cleaning is finished. • In the event of a blood/bodily-fluid spill, students and staff will be kept away from the area, which will be closed for deep cleaning. If an area has been heavily contaminated with bodily fluids, use protection for the eyes, mouth and nose, as well as wearing gloves and an apron. • No cleaning of a symptomatic individual's room should take place while they are isolating. • Use disposable cloths or paper roll and disposable mop heads, to clean all hard surfaces, floors, chairs, door handles and sanitary fittings – think one site, one wipe, in one direction. • Any cloths and mop heads used must be disposed of and should be put into waste bags. When items cannot be cleaned using detergents or laundered, for example, upholstered furniture and mattresses, steam cleaning should be used. • During shifts, cleaning staff will wash hands regularly with soap and water for 20 seconds, and after removing gloves, aprons and other protection used while cleaning. 	Liase with Bloxham re extra cleaning.	May 2022
Hygiene	Virus transmission	<ul style="list-style-type: none"> • Students • Group leaders • Staff • Visitors 	<ul style="list-style-type: none"> • Staff and students will be reminded to wash their hands for 20 seconds and more frequently than normal, including on arrival, before and after eating, before and after classes/activities and after sneezing or coughing • Antibacterial hand sanitiser and cleaning stations will be provided throughout the school. • Staff & students will clean workspaces after each class/activity session. 	<p>Provide induction training on Covid prevention measures</p> <p>Send students, staff and group</p>	<p>Induction 2022</p> <p>May & June 2022 (agents updated)</p>

			<ul style="list-style-type: none"> • Toilets are to be flushed with lids down to prevent faecal-oral transmission. • Ensure good respiratory hygiene by promoting the 'catch it, bin it, kill it' approach (posters, daily reminders). • Separate bins to be provided in classrooms, office spaces, arts and sports hall for used tissues and cleaning materials. • Advise against face touching, especially if masks are worn. • As of Jan 2022 guidance, face masks are <u>not</u> legally required in most indoor settings. However, the government advises to wear face masks in crowded or enclosed spaces. Organisations may choose to request that customers and staff wear face coverings while on their premises. • As of 27 January 2022, face masks are no longer legally required in schools in England. However, ISC will continue to ask for masks to be in high-traffic areas to mitigate risk e.g. when entering/exiting the dining facilities, Great Hall and on board coaches. Exceptions to be made for students and staff who are exempt. ISC will continue to review the use of face masks in line with UK government advice. <p>Best Practice Hand Washing Best Practice Hand Rubbing</p>	<p>leaders Covid guidance prior to course</p> <p>Inform students and group leaders of hygiene measures during induction</p> <p>Set up hand sanitising stations at entrances/exits to boarding houses, classroom block, dining hall, office, sports hall, swimming pool and communal areas</p> <p>Set up cleaning stations in classrooms, offices, arts and the sports hall.</p> <p>Provide adequate PHE signage around</p>	<p>throughout the year)</p> <p>Course welcome talks, house meetings & group leader meetings July & August 2021</p> <p>Induction 2022</p> <p>Induction 2022</p> <p>Induction 2022</p>
